

1. CHILDNET RESOURCES AND WEBSITES

Childnet: Childnet International is a non-profit organisation working in partnership with others around the world to help make the internet a great and safe place for children. The Childnet website hosts all the online resources detailed below, as well as a number of recommended resources for young people, parents, carers and teachers. www.childnet.com

Childnet resources: On our website you can access resources on a range of topics, including our previously branded Know IT All for Parents interactive guide. The **Parents and Carers** area also contains key advice, information on reporting and detailed information on a range of e-safety topics in the **Hot topics** section. www.childnet.com/parents-and-carers

UK Safer Internet Centre: Childnet is part of the European Commission appointed UK Safer Internet Centre. Together with partners the Internet Watch Foundation and the South West Grid for Learning, we raise awareness about internet safety, develop information materials and resources and organise high profile events such as Safer Internet Day. You can access a range of resources from across the UK, Europe and wider afield at www.saferinternet.org.uk.

Digizen: A website providing information and advice to encourage responsible digital citizenship. It shares advice and guidance on preventing and responding to cyberbullying, including the film '**Let's Fight It Together**' and specific information on social networking. www.digizen.org

KidSMART: This award winning Childnet website is for children, teachers, parents and carers and offers fun games and activities for children alongside effective internet safety advice. Don't forget to check out our new Early Surfers' Zone for 3-7 year olds where you can read the online stories '**The Adventures of Smartie the Penguin**' and '**Digiduck's Big Decision.**' www.kidsmart.org.uk

2. PARENTAL CONTROLS & FILTERING

A Parents' Guide to Technology: The UK Safer Internet Centre has created this guide to answer commonly asked questions and introduce some of the most popular devices used by children, highlighting the safety tools available and empowering parents with the knowledge they need to support their children to use these technologies safely and responsibly. www.saferinternet.org.uk/parent-tech

Childnet's guide to **Online Gaming** also contains helpful advice and information. www.childnet.com/ufiles/Online-gaming.pdf

Internet Parental Controls: The four big internet providers - BT, Sky, Talk Talk and Virgin Media - provide their customers with free parental controls that can be activated at any time. Video tutorials on how to download and use these controls are available on the UK Safer Internet Centre website. www.saferinternet.org.uk/parental-controls

3. COMPUTER PROTECTION & SECURITY

Sorted: This website was produced by young people and looks at the issues of internet security and protection. It gives simple explanations, important information and advice on how to protect a computer from the dangers of programmes such as viruses, phishing scams, spyware and trojans. www.childnet.com/sorted/
